ID Protection identity theft and fraud detection services are provided by a third-party service provider. This section briefly summarizes the material terms of the identity theft and fraud detection services, but you will also receive a more expansive description of these services upon enrollment. The ID Protection services will alert you and also provide assistance after you experience a stolen identity event, but please be advised that no services can prevent identity theft. ID Protection services will (1) monitor the Dark Web and alert you if your personal information is found on the Dark Web, (2) assist you if the contents of your wallet are lost or stolen (e.g., cancel and replace credit cards), and (3) assist you in the restoration of your identity in the event that you experience an identity theft event.

Lastly, an Identity Fraud Reimbursement Policy has been issued to the service provider, which policy reimburses, with no deductible, up to \$1 million of certain expenses and costs incurred after a stolen identity event, such as lost wages, costs of notarizing affidavits, costs of re-filing applications, lost wages, child care and certain legal costs.* You must enroll in these services through the third-party service provider and accept the service provider's terms and conditions (T&Cs) in order to receive any of the monitoring services, but you will be eligible to utilize the restoration, lost wallet and insurance services prior to your active enrollment in these specific services. The Identity Fraud Reimbursement Policy is underwritten by insurance company subsidiaries or affiliates of Allianz. The above description is a summary and intended for informational purposes only and does not include all of the terms, conditions and exclusions of the policy. McAfee Security for T-Mobile is not an insurance product or service contract, but can be sold as part of JUMP! Plus or Premium Device Protection Plus or on its own for \$5 a month per device. Please refer to the actual policy issued to the third-party service provider for such terms, conditions and exclusions.
