*** McAfee Security for T-Mobile with ID Theft Protection is provided by McAfee. For more information and legal disclaimers, visit: <https://www.mcafee.com/consumer/en-us/policy/global/legal.html>

† Your new Apple device is eligible for AppleCare Services during the first 24 months from the date you enroll in Protection<360>, and as long as your plan coverage remains uninterrupted. Under AppleCare Services, the accidental damage screen-only repair deductible is \$29. You will be charged a deductible of \$99 for iPhone screen damage if you lose service due to non-payment or device ineligibility. Once your Apple device is no longer eligible for AppleCare Services, our obligations to you will be provided by another authorized repair center.

†† Express Replacement Service may require a credit card authorization to serve as security for the retail price of the covered device. If you don't return the replaced device or part as instructed, or return a replaced device or part that is ineligible for service, your credit card will be charged for the authorized amount.

What's the monthly cost?

The cost is determined by device tier, based on the value of your device, and will be separately itemized on your bill. If you switch your device to one that's classified in another tier, and as device depreciation adjustments are made, the monthly charge for your new tier will be reflected on your T-Mobile bill.

Device Retail Pricing	Protection<360>
Tier 5 (Over \$800 up to \$1,200 and BYOD)	\$15
Tier 4 (Over \$600 up to \$800)	\$14
Tier 3 (Over \$350 up to \$600)	\$12
Tier 2 (Over \$150 up to \$350)	\$9
Tier 1 (up to \$150)	\$7

There's a basic Device Protection option for \$1 less per month with coverage that only includes accidental damage, loss, theft and hardware service protection (excluding broken screen protector replacement), and none of the Additional Services listed (including AppleCare Services). You'll also pay a higher accidental damage deductible if you have a device that's in Tier 4 or higher. (This plan is not available for BYOD.)

What devices are eligible for device protection?

Almost everything. Smartphones, feature phones, Bring Your Own Devices, wearables, hot spots, routers and modems are all eligible.

How do I enroll?

You must enroll within 30 days of a qualified T-Mobile device purchase. If you BYOD or enroll after you purchase your new T-Mobile device, it will need to pass a Visual Mechanical Inspection prior to enrollment. Enrollment is optional, may be cancelled at any time, and is not required to purchase or finance the device or obtain T-Mobile wireless services.

Please remember to send or receive a call, send a text, or access data on the device (not using Wi-Fi) to verify your device is active on the T-Mobile network.

How do I file a claim?

Easy online, self-serve access is available at mytmoclaim.com. You can also file a claim using the Tech PHD app. Remember to file a claim within the time frame indicated in your coverage documents. Have the following information ready:

- Make, model, IMEI and details about what happened to your damaged or lost device
- Contact info (Have your my.t-mobile.com user ID and password handy so we can verify your identity. We may ask you for your picture ID in the claims process.)
- Payment method for service fee/deductible
- Shipping information

When you file a claim, you'll be presented with the replacement options available to you, which may include service through Apple, device replacement through JUMP! Upgrades and advanced exchange replacement by mail. If your device is replaced:

- It'll be with a reconditioned one of like kind and quality. If a reconditioned device is not available, we'll replace it with a new device of like kind and quality. Device color may vary depending on availability.
- It'll be shipped the next business day, when available, at no additional cost to you, once your claim is approved by Assurant.
- You'll have 10 days to return your damaged device. Otherwise, a non-return fee will apply. Instructions on how to return the device and prepaid shipping materials will be provided.
- The replacement comes with a six-month warranty or the original manufacturer's warranty; the longer term applies.

What's the service fee/deductible for my device?

Once your claim is approved, a service fee/deductible (based on your device tier and the type of claim) will be collected from you by credit card, debit card or eCheck. Ask a T-Mobile Sales Associate to help determine which service fee/deductible applies to your device.

Device Tier	Hardware Service [§]	Accidental Damage ^{§§}	Loss/Theft
Tier 5	\$0	\$99 Android or iPhone	\$249
Tier 4		\$29 iPhone Screen Repair ^{§§§}	\$149
Tier 3		\$49 iPad	\$99
Tier 2		\$69 Apple Watch	\$49
Tier 1		\$10	\$10

[§]There is a \$5 processing fee collected by T-Mobile when devices are exchanged through T-Mobile.

^{§§}Not applicable to basic Device Protection. Refer to Loss/Theft column for the amounts that would apply to accidental damage claims for basic Device Protection.

^{§§§}The \$29 accidental damage screen-only repair deductible does not apply after the first two accidental damage claims or after 24 months from the coverage effective date, whichever occurs first. The deductible is \$99 for all other accidental damage claims.

Are there any claim limits I need to know about?

There's no limit on hardware service (mechanical breakdown) claims. For Protection<360> accidental damage or loss/theft, you get up to three claims in any one 12-month period based on the date of the first repair or replacement, and any accidental damage claims serviced through AppleCare Services will count toward this limit.

For basic Device Protection accidental damage or loss/theft, you get up to two claims in any one 12-month period based on the date of the first repair or replacement.
